

# MILLENNIUM 4™

## 4 All Your Customers' Needs

The Millennium 4 is designed to be ahead of its time. And with the patented upgradeability feature, it will be the perfect choice for years to come. The Millennium 4 is the easiest way for your customer to access all of the services your advanced set-top or IP box provides.

### FEATURES AT A GLANCE >>

- Controls up to 4 devices
- Preset to Cable Set-Top or IP Box
- Step and Set Library Search
- Cable ID Code Lock
- Permanent Code Retention
- Master Power
- Patented Macros
- Open Keys
- Channel Lock
- Volume Lock
- Custom Logo

### GUARANTEED COMPATIBILITY >>

#### World-Class Connectivity Software

- UEI delivers the largest and most comprehensive infrared (IR) library in the world.

#### Patented Upgradeability

- Easily extend the life of the Millennium 4 by updating the remote with additional IR codes as new devices enter the market.

## Highlighted Features

### QUICK SETUP >>

**Preset to Cable Set-Top or IP Box-** Ships pre-programmed to your specific set-top or IP box ID, saving time on installations.

**Step and Set Library Search-** A simple programming method that allows users to perform a library search for their device code.

**Cable ID Code Lock-** Locks the set-top or IP box preprogrammed ID code, preventing accidental ID changes.

**Permanent Code Retention-** Non-volatile memory ensures code and ID defaults are never lost, even after battery changes.

### ADVANCED FUNCTIONALITY >>

**Master Power-** Allows the user to turn all programmed equipment on or off with a single key press.

**Macros-** Allows users to perform common activities such as "Watch DVD" with the push of a single button.

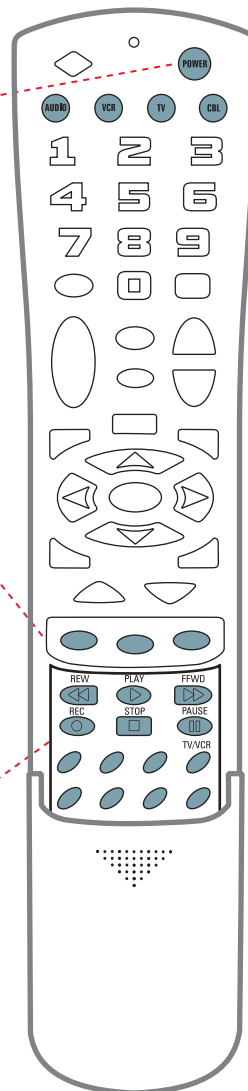

Three patented keys can be preprogrammed and labeled to give your subscribers instant access to revenue-generating premium services, including VOD and PPV.

**Open Keys-** Blank keys available to deliver flexibility in premium service applications.

### EASE OF USE >>

**Channel Lock-** Channel controls are pre-set to operate the set-top or IP box, regardless of device mode.

**Volume Lock-** Allows the user to set volume controls to a particular device, such as an audio receiver.

### SPECIFICATIONS

#### Model Number

- URC-4MXXX

#### Materials

- Plastic Housing- ABS
- Keypad- Silicon rubber

#### Packaging

- Each unit individually wrapped in polyethylene bag
- Each unit ships with one user manual
- Units per carton- 100

#### Warranty

- Mechanical-36 months
- Silk-screen printing- 14 months

#### Power Supply

- 2 AA batteries (included)

#### Transmit Range

- Direct line of sight- 8 m (26 feet)
- 30 degree angle- 6 m (20 feet)

#### Dimensions

- Length- 233 mm (9.2 in)
- Width- 61 mm (2.4 in)
- Depth- 33 mm (1.3 in)

### ONLINE SUPPORT SERVICES

#### Web Support at [www.urcsupport.com](http://www.urcsupport.com)

- Interactive demos walk users through setting up their remote and favorite commands
- Print user manuals

#### APPLICABLE PATENTS

- Macro- 5,959,751
- Upgrade- 4,959,810 5,228,077 5,255,313
- Keymover- 6,014,092
- Synthesizer- 5,515,052
